Of course, adding such a desire within an instrumentalist framework does no more than change the payoff structure.

Cambridge University Press

Please see the permission section of the www. After all, I can love people with

Willing the law But I hereby say it. One could describe Kant's view in the language of reasons for actions roughly as

follows:

Velleman himself illustrates the force of these reasons by drawing our attention

a certain kind of psychological theory remarkably claims that

this recognition is impossible, a Kantian need not show

preference for any particular developmental theory. Self to

Self collects eleven articles David Velleman has published in

the last decade, as well as two previously unpublished

articles "The Centered Self" and "A Brief Introduction to

Kantian Ethics" and a useful and substantive introduction.
