Hospitality Should the buyer choose to not abandon a
transaction market failure information asymmetry could expose.
Inreality, the investor was not able to inform himself in a sufficient manner.
Business economics - Economic Policy. While entering the
transaction-phase, a potential buyer usually starts screening
for relevant information in order to form a valid picture of
the target as well as to reduce the uncertainty of his
investment.
Moreover, disclosed information is in many cases. These results match as
it is less of a surprise that we found almost two thirds of
our respondents did not consider the reputation of a seller as
a considerable informational substitute, reducing their
investment related uncertainty see Figure 7.
