Diagnoses, Interventions, and Outcomes Kindle Edition. The Evidence-Based Practice Manual was developed as an all-inclusive and comprehensive practical desktop resource. Illustrates the Problem-Etiology-Symptom format with an easy-to-follow, colored-coded box to help you in formulating diagnostic statements.

If you're going to need it for a class when they assign certain pages, I'd probably buy it. With the broad spectrum of topics and the in-depth view of the scope of the issues, readers would most likely find the answer regardless what question they may. Simply the best book of its type. Write a customer review.

Rationales are represented with each diagnosis. You won't regret this purchase. I'm the person who never buys textbooks, but for some reason I bought this, and boy am I glad I did! Doing a general search on a term is pretty much useless.
