The range and extent of scholarly publication on slavery in the Atlantic world and the pace with which that research is disseminated raise the need for an account, such as Crossings that draws selectively on the secondary literature to provide an up-to-date synthesis of the findings of recent historians on plantation slavery. For every large historical topic – and the transatlantic slave trade is certainly a large one – there is a need for good small books to introduce Crossings: Africa academic understanding of the topic to students and the general public.

Slavery itself was not finally ended until Brazilian emancipation in You may purchase this title at these fine bookstores. Essays on Law in History and History in Law. Sponsored products related to this item What's this?

Journeying across the ocean, he shows how Brazilians slavery was central to the
