I finished the novel wondering about what the future held for Henry and Charlotte, as well as for those many other emigrants disappointed in their search for a better life. There was an error. It is reportedly one of KT Tunstall's favourite songs. But it's also a tale of failing imposed expectations - be they imposed by society. He experienced this in England, but it was worse here - with his Queen's English and his strange-coloured skin. Again, I supposed she had undiagnosed depression, but still... Yes, it's boring in real life and boring in a book. Consumed by his hatred of the cold English winter weather. But I wanted to feel something a bit more concrete and real about. There are no returns to India to visit his mother on her deathbed, and realises how little he remembers of India.
