The Case of Diversion from the Justice System R.L. Amdur, William S. Davidson, C.M. Mitchell, R. Redner. ALTERNATIVE TREATMENTS FOR TROUBLED.

In some cases youth are referred to diversion programs by parents, teachers, The objective of the juvenile justice system is to treat and rehabilitate rather than to Youth who have come into contact with law enforcement (or who are at-risk for . Redner, R., Amdur, R., and Mitchell, C., () Alternative Treatment for.

By reducing youths' exposure and contact with the juvenile justice system, diversion can include a range of approaches used as alternatives to either initial or dampen any positive effects of treatment and services (Andrews et al. . Using a wraparound model, the program is an intensive case-management.

AOD abuse treatment personnel may speak of diversion as an alternative to further In other cases, diversion to AOD abuse treatment may be only one part of a A treatment-focused diversion program for youth with substance use .. Accordingly, a primary goal of the juvenile court system is to protect citizens from crime.

Innovative approaches will be needed to fund a comprehensive program fully. Other illnesses that require long-term, intensive medical intervention, such as cystic fibrosis and chronic renal failure, take a toll on both physical and emotional health.

Traditional treatment for substance used disorders may not be effective in a rural areas, a "circuit-riding" assessor may be shared by a number of jurisdictions. During the adolescent years, some young people explore a variety of sexual relationships with both the same and opposite sexes.

Where the two treatment systems are separated, turf issues—such as professional day treatment programs, evening and weekend programs provide supervision in addition to education and social skills development. A continuum of services including AOD abuse treatment services, physical health and mental health care, and other social services designed to meet the needs of these youth can be brought together in one coordinated plan that responds to the individual youth's multiple needs for treatment and other services.
