Without doubt, such superiority is limited, since that which is higher in the physical cosmos depends materially on that which is lower, depending, as it does, on those lower elements necessary for the energy resources of the ecological sphere in which life can maintain its own existence. Human intelligence grasps the relationships and introduces new onesso that the universe, as well as each reality endowed with order, also possesses the transcendental of intelligibility. The tenets of Buddhism include not blindly following any person or idea, and a Buddhist cannot ask another person to follow Buddhism without that person first gaining a rational understanding of Buddhist principles.

Itcanhelpusfindmeaningbylettingusseourselvesaspartofagrandstory. The universe proceeds, thus, from the highest Being, who is spiritual and personal, and fullness of being, intelligence and love, and not from an abstract law or an impersonal principle. On this basis, Jews would assume that ET will decide for itself how and whether to worship God. AVE, ; A.
