The ground of representation; 4. Specialists and undergraduate students alike will find much of value in *Engendering Rome* and will gain many useful insights into the role of women and the construction of gender identity in Roman epic.

The issues addressed are of interest not just to classicists but also to students. The first half of the chapter is devoted to a discussion of Roman schooling and the ways in which educational institutions shaped political and social identity. However the crucial role female characters play in the constitution and negotiation of the heroism on display in epic has received scant attention in the critical literature.
