Welcome to TechTarget's expert community for technology professionals. Home Mindset What is the one thing that can truly enable individuals and teams to collaborate and innovate with agility?

All too often people expect to find salvation in the latest tools and technology. Cho emphasizes that the Jazz Process is misunderstood if viewed as a linear set of steps to be followed one after the other. Read articles about high-performance teamwork in business, software development, The Jazz Process: Collaboration, sports, military operations and more.

Cho emphasizes that the Jazz Process is misunderstood if viewed as a linear sequence. Jazz musicians apply specific principles to collaborate, execute, and manage change in real time--delivering extraordinary innovation in the face of non-stop pressure and risk. From this perspective, I found the Innovation useful because it made me more aware of how to be a good team member.
