struggling for the future of the humanities, or for the future of education more generally, I argue against and was confronted with education in its institutional form on a daily basis (both as university .. But in the last analysis, this student's.

N's phantasmic university is intoxicating to my failed out grad heart. and he draws a very cogent analysis of state interests in the opening of higher education to.

Must read for education change enthusiasts. These lectures, delivered when he was only 28 years old, definitely show some indication of his later thought. This isn't to say N's criticism of the university is itself fascist, because I don't think arguing that scholarship has become instrumentalised by the state is, but vis a vis appraisal to national spirit and railing against "the masses", a term N uses both for students of the realschule et al now attending university, who he also calls unwitting sheep, and those architecting the transformation of the german education system it uses some pretty

Accordingly, the editor of this volume has to offer information but does not. These few cannot bring themselves to judge a thing on the basis of how much time it saves or wastes. Reading Nietzsche forces us to realize how much Renaissance and Enlightenment education was closed during the late 19th century. Here is an example: Composed in emulation and to some degree as a satire of a Platonic dialogue, Anti-Education presents a provocative and timely reckoning with what remains one of the great problems of modern societies.
